25. (New) The weather analyzing and reporting station of the ~~claim 21~~ <sup>claim 24</sup>, wherein the first and second housings are configured to be physically separable from each other. <sup>11</sup>

26. (New) The weather analyzing and reporting station of ~~claim 21~~ <sup>claim 24</sup>, wherein the first and second housing are physically separate from each other.--.

### REMARKS

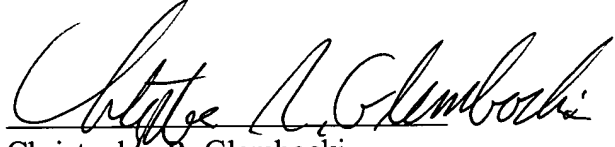

It is respectfully requested that the this Preliminary Amendment be entered in the above-identified application. Claims 14-26 are now pending. By this Preliminary Amendment, claims 1-13 are canceled without prejudice or disclaimer, and new claims 14-26 are added.

Applicant respectfully requests that Fig. 9 (attached hereto) be added to the present application. Fig. 9 is identical to Fig. 9 of parent application serial no. 08/799,838. The present application also incorporates by reference the entire disclosure of application serial no. 08/799,838. See, cover sheet filed with the present application on February 1, 1999. Thus, Fig. 9 as attached hereto is not new matter and is proper for entry.

It is believed that the present Amendment is in condition for immediate allowance. Should the Examiner feel that an interview would be helpful to resolve any concerns, the Examiner is invited to contact the undersigned at the number listed below.

Respectfully submitted,

By:
